Got a few minutes to spare after your appointment?  
Ask about a complimentary Finishing Touch!

For more accurate quotes, Emm offers complimentary hair styling and colour consultations

### The Emm Mission

Our mission at Emm is to contribute to improving the environment in as many ways as we possibly can. We believe there are many things that pollute our everyday environment, and we want to do our part, in any way that we can, to remove these from our day-to-day lives.

This is often contradictory in hairdressing and beauty. Beauty and environmental care don't usually go hand-in-hand. At Emm, we want to demonstrate that beauty and environmental care **can** go hand-in-hand.

In fulfilling our mission, we strive to create and maintain a serene, calm, positive, professional, and environmentally safe environment, for all of our clients and staff.

### About Aveda

"A-Veda" means "all-knowledge" in Sanskrit. Aveda's roots are planted in "Ayurveda", the ancient healing art of India, and other indigenous wisdoms which take a holistic approach to life and health, and focus on cultivating balance.

Aveda products are flower and plant-based, certified organically grown wherever possible, and sustainably harvested. Mineral elements are non-petroleum-based, and products are never tested on animals.
